

Bonjour mes amies!

We are looking forward to welcome you to the **2018 ENTOG Exchange** (www.entog2018.com) in France, which is now open for application!

This year's Exchange will be held from **Monday 5th to Wednesday 7th of March 2018**, followed by the ENTOG Scientific Meeting and Council on **Thursday 8th of March 2018**. The three host cities for this Exchange will be [Marseille](#), [Lille](#) and [Paris](#).

In this letter you will find some helpful background information on our Exchange. Please stay in touch with your national trainee association to inform you about how and when to apply, or email us with further questions.

Au revoir en France!!

Magalie Barbier,
Océane Pécheux,
on Behalf of LOC (Local Organising Committee) ENTOG 2018

Introducing France:

The French healthcare system has a lot to offer in the field of Obstetrics and Gynaecology. There are approximately 800.000 births per year in France, with good perinatal results. France is known for high-level gynaecological surgery as well.

During the Exchange you will experience daily life in one of the 30 University Hospitals situated in France in either Marseille, Lille or Paris. But of course you will also discover other benefits from our beautiful country. Our host trainees will be happy to introduce you to our country's great monuments, history and beautiful landscapes, as well as French nightlife with its good wines and great food!

Program:

Exchangees will arrive on Sunday afternoon and stay until Wednesday at their local host in one of the Exchange cities. During working hours Exchangees will be in the hospital with their contact person or other responsible doctors. The social program after the hospital work will include sightseeing tours, dinner in the city, drinks, etcetera.

The Exchange's official program will end in Paris, together with all Exchangees, during the ENTOG Scientific Meeting and ENTOG Council on the 8th of March. The meetings will be held at the "Palais des Congrès" in Paris, so all trainees (also the ones in Marseille and Lille) are invited to join the others in Paris. We will start the ENTOG session with a joint Welcome Drink in the evening on March 7th. The Exchange will finish with our ENTOG dinner on March 8th.

How to apply:

We are able to host two trainees from each ENTOG member country. Candidates from each country are selected by their national trainee societies. If your country does not have a national trainee society, you don't know how you are supposed to apply for this Exchange, or you don't know who the trainee representatives are, you can always contact ENTOG directly through entog2018@gmail.com. We are happy to provide you with the correct information or help you to get in touch with the right contact person.

Please remember that the ENTOG organizing committee will allocate trainees to one of the three cities!

Information for national trainee societies:

When registering your candidates, please provide following information: name, country, e-mail address and telephone number. Registration is not final until the registration fee has been paid. Account information will be sent upon registration.

The deadline for registration is December 1st 2017, after which we will contact your candidates to provide them with details for payment and further information. In case of cancellation we kindly ask you to arrange replacement by a trainee- colleague.

Exchange Costs:

The price for the ENTOG Exchange including the ENTOG Scientific Meeting/Council and ENTOG dinner is €150. We expect all ENTOG Exchangees to join the full programme. The price for socials and ENTOG Scientific Meeting/Council alone is €100. During the first three days of the Exchange, trainees will be housed with their host trainee. Of course trainees are free to wave free housing and book their own housing for the time being. From Wednesday night onwards, trainees are expected to find their own sleeping accommodation. You can always contact entog2018@gmail.com to help you find cheap sleeping places in Paris.

EBCOG Congress 2018

Our ENTOG Scientific Meeting and Council will be hosted within the EBCOG Congress 2018. As part of the ENTOG Exchange, trainees will have the unique opportunity to follow the complete Congress Program (8th-10th of March) for a reduced fee of 275 euro! Full information about it will be provided after registration. Don't want to wait if your application is accepted? Please check the EBCOG Congress website (www.ebcog2018.org) for more information about the Congress.

We are looking forward to welcome you to the 2018 ENTOG Exchange!
